AMENDMENT

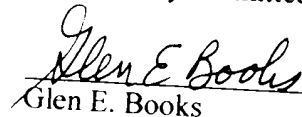

In response to the Office Action mailed April 10, 2002, applicants submit herewith formal drawings correcting the informalities observed by the Office Draftsperson and a terminal disclaimer in compliance with 37 CFR 1.321(c).

Claims 1-37 are in this case. All claims have been rejected as non-statutory double patenting over United States Patent No. 6,356,689 issued to Greywall and under 35 USC Sections 102(e) or Section 103 as unpatentable over Greywall. As Greywall and this case were co-pending and are commonly owned, these rejections
